

## Best Western 2012

Back in 2001, the first member supplied by Martin Boulden was BW Moores Hotel in Guernsey. Today he supplies over 240 members across the UK, making him probably the largest supplier of branded literature to Best Western Members and has become affectionately known as the King of Print (KOP)!

Buying direct is the most cost effective way of purchasing your branded literature from business cards to jaw dropping multi-page wedding brochures printed on the finest materials. To prove this, he guarantees to beat any price from your local printer or your current nominated suppliers - Ryedale or Colourbond.

His creative team have many years of commercial experience and a wide and varied range of recent compliant examples. They will discuss branding options and can recite the compliancy manual "word for word" until you're bored rigid!

All artwork is approved by BW Head Office, prior to print for total peace of mind.
