Q. What is your job role at Evolve 40?

A. I look after our customers. I am their first port of call when needing a quote. I provide administration support to Martin and the Art Studio, I also deal with the deliveries of completed work and organise the mail shots.

Q. What is the best part of the job?

A. I really enjoy dealing with people, whether its face to face or on the phone. Customer service has always been a priority of mine, which is perfect, as this job relies on great customer service!

Q. What part of the hotel industry interests you?

A. Well I am a trained Beauty Therapist, so I would say the Spas and treatments the hotels have to offer are definitely a big interest to me!

Q. What is the best hotel you have stayed in?

A. I recently stayed in Dubai and the hotels were fantastic, my favourites were the Atlantis Hotel and the Armani Hotel. I'm trying to persuade Martin to set up business in Dubai!

Q. What do you like to do in your spare time?

A. I enjoy watching live music, going on holiday and seeing musicals. I always look forward to going home and catching up with my friends and family. I also like staying active, either walking along the beaches of Poole or Bournemouth and through Zumba.
